

Introduction to LogIQ Curve's Warehouse Management System - 1 (LC-WMS-1)

Partner with LogIQ Curve to transform your vision into innovative
practical solutions!

Creating Possibilities

Vision:

To be a **global leader in digital transformation**, driving innovation, AI-powered solutions, and sustainable growth for a tech-forward future.

Mission:

To **provide innovative, high-impact digital solutions** through advanced AI, software development, and cybersecurity, empowering businesses worldwide to achieve their goals and foster sustainable growth.

- **Innovation**

- Our relentless pursuit is to uncover innovative solutions that create exceptional value for our esteemed clients and collaborators.

- **Collaboration**

- As a united team, we cultivate open dialogue and shared esteem to realize our objectives.

- **Customer-Centricity**

Unwavering commitment to customer satisfaction drives our honest and transparent approach, ensuring their needs remain at the core of our operations.

- **Continuous Learning**

Continuous self-improvement, both personally and professionally, remains our unwavering commitment.

LogIQ Curve: Driving Digital Transformation with Excellence

- **Global Expertise:**
Established as a trusted partner in software development, cybersecurity, and digital marketing, serving clients across the GCC, USA, UK, and Europe.
- **Tailored Solutions:**
Over a decade of delivering innovative, custom-built software and enterprise solutions, empowering businesses across diverse industries.
- **Proven Track Record:**
Successfully executed complex projects in e-commerce, cloud security, SaaS, mobile app development, and digital transformation for leading organizations.
- **Technological Prowess:**
Utilizing advanced tools and platforms like AWS, Azure, React, Angular, Python, and Magento to create cutting-edge solutions.
- **Commitment to Success:**
Our focus on innovation, quality, and measurable outcomes has made us a trusted partner for businesses aiming to thrive in a competitive digital landscape.

Our Expertise

With a focus on quality, efficiency, and user-centric design, we leverage the latest technologies to develop software that is intuitive, reliable, and future-ready. Our transparent process and collaborative approach ensure your vision is realized within budget and on time.

- **Front-End & Back-End Development**
- **Custom CMS & E-Commerce Platforms**
 - SaaS, B2B, and B2C Solutions

Key Value Proposition:

We harness these cutting-edge tools, technologies, and platforms to deliver high-quality scalable solutions tailored to your business needs, ensuring efficiency, innovation, and a competitive edge in your industry.

Warehouse Management System | WMS-1

Statement of Work

Every automobile dealer must have a system in place that clearly measures, reports, evaluates, and controls the functions within a dealership. LogIQ Curve's Auto ERP deals with all the requirements of Automotive Dealer Organization like **Vehicle Sales, Workshop Activities, Spare Parts & Accessories Inventory, and Financial Accounting**. The tight integration of LC-Auto modules automatically avoids the duplication of entries and generates maximum reports as an output from minimum basic input.

Elevate Your Auto Warehouse's Efficiency and Productivity

LC - Auto ERP enables businesses into the automotive industry solutions to stay competitive and meet their sales goals by leveraging customized IT solutions like automobile software, web & app development solution considering futuristic trends and technology.

Accelerating Businesses with

Effective Solutions

By automating routine tasks and streamlining operations, you can focus on delivering top-notch services, maximizing efficiency and productivity.
